Words of Advice

- **Many departments do not allow MG courses to be retagged as institute electives**
- Attendance matters (DX grade)!
- There is poor flexibility with the minor, start early if you have interest
- Preferred Order- **401, 403, 406, 405, 407**

Time and load management

- The minor courses are chill
- Be attentive in class
- Read case studies before class, interact in the classes, you'll enjoy it
